The purpose of the Middle East Microform Project (MEMP) is to cooperatively acquire microform copies of unique, scarce, rare and unusually bulky and expensive research material pertaining to the field of Middle Eastern studies; and to preserve deteriorating printed and manuscript materials of scholarly value.

The geographic coverage of MEMP includes materials from or on the Arab countries, Israel, Turkey, Iran, Afghanistan, Central Asia and other related areas not covered in other cooperative microform projects.

MEMP is administered by the Center for Research Libraries
